Re: **GENERAL ASSIGNMENT FOR THE BENEFIT OF CREDITORS**

Please be advised that the above company (“Cambrios” or “Company”) executed a general assignment for the benefit of creditors in favor of Development Specialists, Inc. (the “Assignee”) effective on Monday, February 22, 2016. This action was taken by the company after a project was delayed by a customer for one year and the Company’s attempts to raise additional capital, as well as engaging in a significant marketing effort, failed and the Company ran out of funds, forcing it to cease operations.

The Assignee has been told that the Company developed silver nanowire solutions to enable development of electronic devices with transparent conductors. The company has a portfolio of approximately 300 patents and patent applications supporting its products. The Company has a secured creditor, Champ Great International, which has a lien on the plant furniture, fixtures and equipment, as well as the proceeds of the patent portfolio. Champ Great does not however have a lien on the patent portfolio itself. This has been verified by counsel the Assignee has retained to assist in it in the administration of the general assignment, Ori Katz, Esq. and Barret Marum, Esq. of Sheppard Mullin Richter & Hampton, San Francisco, CA.

The Assignee was made aware of substantial interest in the patent portfolio, both by the Company’s management as well as interested third parties who reached out to our offices during the initial discussions with the Company and Champ Great about the general assignment. Further, the extensive patent portfolio has significant costs to maintain all the patents, both in the United States and worldwide. As a result, the Assignee has scheduled a sale of both the plant furniture, fixtures and equipment *and* the entire patent portfolio for Wednesday, March 16, 2016. Details of the sale are attached to this notice.

For those of you unfamiliar with general assignments, the process is similar to liquidations administered under Chapter 7 of the Bankruptcy Code. However, in this instance, California’s law, rather than federal (bankruptcy) law controls. Experience has proven that in circumstances such as those in this instance, estates administered through general assignments typically return a greater recovery for creditors, quicker and more economically than the bankruptcy process.

Enclosed with this letter you will find a Proof of Claim form. Creditors should complete the Proof of Claim form and return it to the Assignee's Los Angeles, CA office. **Claims must be received by August 22, 2016** to participate in any distribution from the company's assets. Creditors who fail to file their proofs of claim by that date will not be entitled to share in any distribution under the Assignment for Benefit of Creditors should there in fact be any funds available for distribution to unsecured creditors. The Assignee will accept proofs of claim via facsimile, so long as the facsimile is received by the claims bar date August 22, 2016 and the original signed proof of claim is received by the Assignee not later than August 26, 2016. Please remember to include copies of your supporting invoices or statements with your proof of claim. The fact that the Assignee is accepting proofs of claim is not a guaranty that there will be sufficient funds to make a distribution to unsecured creditors.

Information regarding general assignments for the benefit of creditors may also be found at www.dsiassignments.com. After returning the form Proof of Claim, creditors are requested to advance their files approximately thirty days, pending our report of the results of the March 16, 2016 sale.
